

Mailbox and Lamppost Replacement

About Mailbox Replacement

Mailbox color is semi-gloss black. Rustoleum grade is fine. The New Albany Links Homeowner's Association (NALHOA) maintains all Links mailboxes, including the Dominion Club, for painting and repairs for normal wear-and-tear. Contact the NALHOA property manager for information or assistance when a replacement is needed.

About Lamppost Paint

Lamppost color is semi-gloss black. Rustoleum grade is fine.

About Lamppost Replacement

Lamppost is 6 feet tall from ground level. Any replacement must be done in the same place on the property and be the same dimensions. Lampposts must be on from dusk to dawn and painted semi-gloss black.

Dusk-to-dawn sensors are installed in lampposts to automatically turn the light fixture on and off. Replacements are available from Ace Hardware in New Albany - Westek model 758CTC-4 for \$11.99 or Home Depot for \$7.97 -

<http://www.homedepot.com/p/Westek-1800-Watt-Post-Eye-Light-Control-758CTC-4/100159134>. Most but not all of the sensors in our community are installed in the lamppost, just below the light fixture. A few are installed on the side of the house.
